

Spare parts for your dehairing and whipping machine

Efficient dehairing

Frontmatec is also known for the excellent quality of our whipping belts and paddles, securing high performance of your equipment with efficient dehairing.

Whipping belts

Based on the sophisticated and unique technology, the anti-bacteria whipping belt is made from a special rubber compound which prevents growth of bacteria - e.g. salmonella. Produced on modern computer-controlled injection machinery they are designed to fit working conditions in either hot or cold water.

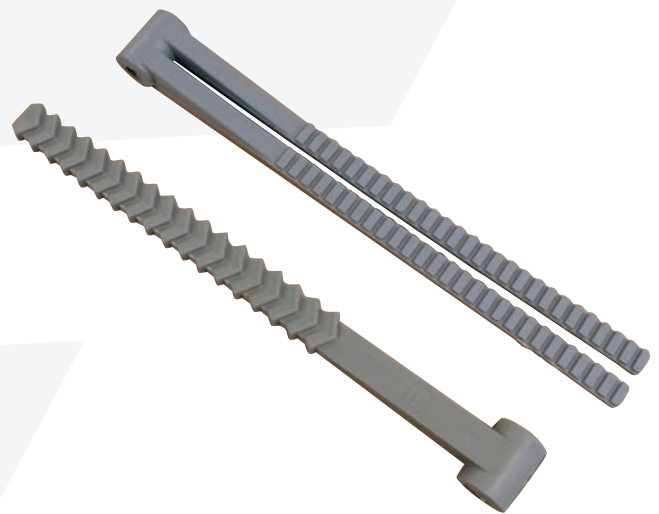

The whipping belt is easily mounted with a brass bushing in mounting holes for 10 mm bolts.

Safety and legal requirements

The whipping belts are CE approved and designed in accordance with the EU and USDA regulations to meet the strictest demand on health and safety.

Options

Single finger standard 390 mm	Part no. 4001242819
Single finger XL 450 mm	Part no. 4001242820
Two fingers standard 390 mm	Part no. 5000027151

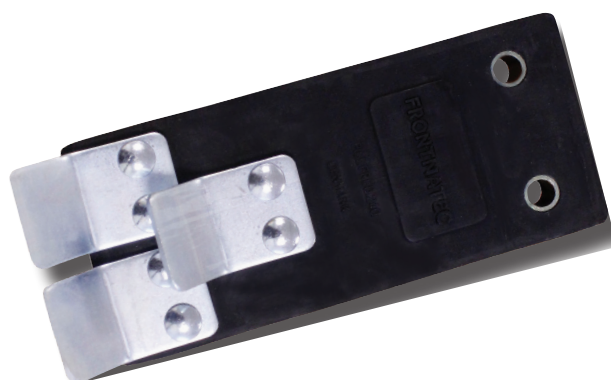

Value for you!

- Antibacterial rubber compound
- High level of food safety
- Low maintenance
- Long life-time
- Ensuring high performance
- Easy to mount
- Cost efficiency

Deharing Paddles

Paddles are made from a high quality raw rubber material constructed to ensure perfect deharing of the carcass. Paddles are available in both nature rubber and synthetic rubber and designed for pigs from 120 kg to over 150 kg and are compatible with other deharing machines. With below mounting kit paddles are easy to mount and even easier to dismount.

Paddles, nature rubber

For standard size pigs up to 120 kg	BF-240 with galvanized hardened claws	Part no. 4001030357
For standard size pigs up to 120 kg	BF-250 with galvanized hardened claws	Part no. 4001030359
For standard size pigs up to 150 kg	BF-260 with galvanized hardened claws	Part no. 4001230805
For heavy pigs and sows	BF-270 with galvanized hardened claws	Part no. 5000011781

Paddles, synthetic rubber

For all size pigs	BF-300 with galvanized claws 60 mm	Part no. 4001338035
For all size pigs	BF-300 with galvanized claws 63 mm	Part no. 4001342794
For all size pigs	BF-300 without claws	Part no. 4001371116

Spare parts

Nut - torque 100 Nm	Part no. 5000006376
Bolt plate	Part no. 1100006274
Washer	Part no. 4001005159
Mounting kit for BF-250, BF-260, BF-270 and BF-300	Part no. 5000015316

Bolts

For BF-240 60 mm	Part no. 5000017831
For BF-250, BF-260, BF-270 and BF-300 65 mm	Part no. 4001005125

NOTE: All paddles, bolts and bolt plates can be ordered to fit your machine specifications

Value for you!

- High quality raw rubber material
- High level of food safety
- Low maintenance
- Long life-time
- Ensuring high performance
- Easy to mount and dismount
- Cost efficiency
