

**CASH®** Captive Bolt Stunning Tool  
Expected lifespan of parts

Product: **CASH®** Cowpuncher  
Calibre: .22 and .25

Estimated life expectancy based on number of shots

| Part no.    | Description              | No. of shots |
|-------------|--------------------------|--------------|
| 5385        | Cap assembly             | 50,000       |
| 5389        | Firing pin               | 20,000       |
| 5390        | Claw                     | 10,000       |
| 5391        | Ball                     | 10,000       |
| 5392        | O ring                   | 5,000        |
| 5395R/5396R | Barrel assembly          | 50,000       |
| 5399R/5400R | Breech block             | 50,000       |
| 5401        | Barrel                   | 50,000       |
| 5402        | Nylon insert             | N/A          |
| 5369        | Stop washer              | 2,000        |
| 5403        | Flange washer            | 2,000        |
| 5342        | Lock washer              | 2,000        |
| 5405        | Bolt                     | 20,000       |
| 5406        | Muzzle                   | 50,000       |
| 5376        | Recuperator sleeve       | 3,000        |
| 5407        | Long handle cap assembly | 50,000       |
| 5348        | Long handle              | 50,000       |
| 4277        | Dowel                    | N/A          |

NOTE - The estimated parts usage is based on use of the correct cartridge for animal size and adherence to the correct maintenance procedures  
Registered in England no. 220533
