

SERVICE SOLUTIONS // EXCHANGE & OVERHAUL

APS7 - AUTOLINE SPLITTING SAW TRANSMISSION BOX EXCHANGE PROGRAM

For an increased profit in cutting and deboning, precise cuts are crucial which only a well-maintained splitting saw can provide.

As the transmission box is the heart of your splitting saw, you have the option to have an exchange and repair program and therefore the opportunity to reduce unexpected and expensive stoppage time.

Stocking a transmission box allows you to maximize your up-time by exchanging a damaged unit within minutes. Ship the damaged unit to us and our repair specialists will handle the renovation and return it within 48 hours from reception.

For more information, please contact us.

Recommended grease to be carried in stock: SLBG-F Part.no. 5000043203.
